Challenges and Opportunities in Developing Global Citizens

Voices from Indonesia

by Barlin Hady Kesuma

Why Develop Global Citizen?

- Indonesian contexts: recent new paradigms
 - from post dictatorship towards democracy
 - from competition towards partnership/collaboration
 - from personal development towards creativity
 - from lack of ICT towards ICT based education

- East Borneo's context:
 - recent changes in national curriculum (characters building)
 - lack of standard on education facilities
- School's context
 - need of collaborations on teachers and students

Challenges

- Indonesian & ASEAN contexts:
 - needs to embrace 21st century skills
 - national education vs international education
 - (past & future) conflicts vs peace
 - disasters vs collective actions
 - regional partnership of ASEAN and global dialogues

Opportunities

- children & students to acquire the knowledge, skills, values and attitudes to adapt and to thrive
- to prepare entering Asean Free Trade area & ASEAN economic area in 2015
- to enhance global and peace education among students
- To enhance peace education among ASEAN countries and beyond

Thank you
