# Our students

The British Council has a long history of helping students around the world achieve their exam and further education goals. Here are examples of what some of our ex-students tell us.

*My favourite part of the course was having the opportunities to practice speaking with qualified and experienced teachers. In the one-to-one tutorials, I was assessed and given advice to improve all four skills. With my writing teachers gave me a lot of detailed instructions on how to do the different types of tasks as well as using a variety of structures and vocabulary. They also showed me how to analyse sample essays and categorise topics which helped me write more effectively. Additionally, I took full advantage of the IELTS writing marking system to improve. After the course, my writing and grammar skills had improved significantly.*

**Nguyen Quynh Anh, IELTS Premium student, IELTS 7.0**

*The IELTS Premium course has equipped me with vital skills to do the IELTS exam more effectively and efficiently. Throughout the course, I learnt useful grammar points, phrases and how to use them appropriately in different contexts. I was extremely impressed with the one-to-one tutorials since almost of my questions were answered thoroughly and I was given a personalised and detailed plan of what I should do in order to be well-prepared for the IELTS exam. I am happy to say I have taken the exam and achieved my target.*
